Eric & Chip,

The DEQ PH team has concern with where & how we're heading towards some very important decisions regarding the FTM & FWM. I think it's important for DEQ & EPA to meet before the 6/6 Framework mtg so that we understand where we are & where we're going. I'd like you & Chip to meet with Bruce H, Jennifer P, Mike P & me Monday afternoon 6/5 to discuss EPA's the status & direction of the 2 models, prepare for the 6/6 Framework mtg, & give us an understanding of what EPA is sees as Bruce's role in the modeling effort. Can we meet at 3:30 at either EPA/DEQ HQ or here at DEQ NWR?
